CLIENT FEEDBACK

Working with Gail and Wine Lovers Travel is such a treat. Gail is enthusiastic about travel and delivering a special itinerary that fits the focus of your trip. We worked with WLT for a wine and lifestyle group trip to the Rhone Valley of France in 2023 and it was a resounding success! The accommodations, winery visits and auxiliary activities all hit the mark. We look forward to working with WLT for future wine focused trips.

My winery traveled to Piedmont, Italy this year with Gail at Wine Lover's Travel. It was an absolutely amazing trip that played out as beautifully as it was planned. I found Gail to be responsive, experienced, eager to create custom itineraries, very professional and thorough! Highly recommend!

There are literally scores of companies that are focused on helping the wine industry in so many valuable ways, but few of them stand-out and differentiate themselves for their enterprise and customer service like Wine Lovers Travel does.

Blair Allan, Winery Owner, Santa Rosa Valley, CA

Wine Lovers Travel organized a memorable trip across northern Spain in the spring of 2022 for the Brian Carter Cellars wine club. The trip was well organized, including nice hotels and great tours of wineries and other local highlights. I would recommend Wine Lovers Travel to anyone who loves to travel Europe with a group.
